

# Annual Careers Plan (2020-21)

## 1. Introduction

There has never been a time when careers guidance has been as important for young people as it is today. The landscape of education, training and employment opportunities that students need to navigate is more complex and more challenging than that faced by previous generations. The corona virus pandemic has had massive impact on the economy and businesses leading to high levels of youth unemployment. The raising of the age for participating in learning means that young people face a wider range of choices of courses and places to study.

Qualifications such as GCSE and A level are changing, and opportunities in higher education extend now beyond the UK to other parts of Europe and further afield. Students need help to make choices and manage transitions: they need good quality careers education, information, advice and guidance.

The careers plan sets out how The Whitehaven Academy intends to provide a good careers programme with the available resources which will provide our students with the knowledge, inspiration and ability to take ownership of their own career action plans which will enable them to succeed in their chosen career paths.

The plan is based on the DfE document "Careers Guidance and Inspiration in Schools" dated March 2015. The main outcomes of the plan (over the coming years) is to achieve the 8 recommendations of the Gatsby report "Good Career Guidance" dated 2014.

Careers education does not just mean informing students about their options after school but also how their school career will affect their futures. It is our statutory duty to ensure that all pupils receive independent, impartial advice and guidance regarding all options within school and how they will affect their options after school and which careers pathways will become available to them. By helping students with decisions at crucial stages, informing them of all their options and introducing them to the world of work, we aim to prepare them for life after school whichever path they choose.

We believe that at The Whitehaven Academy we offer good advice and guidance for our young people. The Careers and Enterprise company provide the 'Compass' tool in order to assess and evaluate the schools' current careers practices and procedures. Our progress towards achieving the eight benchmarks identified as key for outstanding careers provision are outlined below:

	National average:	December 2019	April 2020	July 2020
1. A stable careers programme	21%	76%	76%	58%
2. Learning from career and labour market information	45%	20%	100%	60%
3. Addressing the needs of each pupil	20%	81%	81%	72%
